- Tired of using QQ and WeChat
- About to record a beautiful scene and share it with friends through moment.
- Using our translator if someone don't understand a foreign friend's words

- Android Development
- Tansorflow
- Iterative Development
- Team Work

- Network Programming.
- Asynchronous Processing

- Find and Fix all the bugs
- Strengthening server throughput
- Add more useful functions

- We complete all 10 features
- Fix all bugs that we found
- Set up a good team
- Learn a lot at this project and the class
